

greencore™
Costs No More

Can Liners

Institutional/Industrial

Featuring Unique **3-Layer Technology**

For Low Cost,
Sustainability
and Strength

- Strength and performance is guaranteed
- 70% post consumer recycled content = superior source reduction
- Green technology without the added cost

15% High Strength LLDPE

70%

**Post Consumer
Recycled
Content**

**15% Hi Strength LLDPE
with additive for
easy opening**

**Made in
USA**

Go green without compromising performance!

- 70% reduction of prime virgin resin usage
- Reduces carbon footprint by up to 40% using recycled plastic waste
- Strength equals or exceeds virgin liners of comparable thickness
- 3-ply construction with leak-proof flat bottom seals for increased bag capacity compared to star bottom or gusseted bags; rated Heavy Duty and Extra Heavy Duty for demanding applications
- Perforated coreless rolls for efficient storage and handling.

Green Bags Made Better and Stronger.

Can Liners Institutional/Industrial

Stock Product Specifications* All bags are black. 70 cases per pallet.

Item Code	Bags Per Case	Bags Per Roll	Rolls Per Case	Bag Rating	Bag Capacity	Bag Width	Bag Length	Bag Gauge	Net Case Weight
FG-GCPCR-16	500	25	20	Heavy Duty	12 - 16 Gal	23.5	31	0.90	21.9
FG-GCPCR-30	250	25	10	Heavy Duty	20 - 30 Gal	30	36	0.95	17.1
FG-GCPCR-39	200	20	10	Heavy Duty	33-39 Gal	33	44	0.95	18.4
FG-GCPCR-39X	150	15	10	Extra Heavy Duty	33-39 Gal	33	44	1.25	18.1
FG-GCPCR-44	150	15	10	Heavy Duty	40 - 44 Gal	37	50	0.95	17.6
FG-GCPCR-44X	100	10	10	Extra Heavy Duty	40 - 44 Gal	37	50	1.25	15.4
FG-GCPCR-50X	100	10	10	Extra Heavy Duty	40 - 50 Gal	40	46	1.25	15.3
FG-GCPCR-55	150	15	10	Heavy Duty	55 Gal	35	55	0.95	18.3
FG-GCPCR-55X	100	10	10	Extra Heavy Duty	55 Gal	40	53	1.25	17.7
FG-GCPCR-60X	100	10	10	Extra Heavy Duty	55 - 60 Gal	36	56	1.25	16.8

*Custom sizes available upon request.

Shipping cases are made from 40% recycled paper board, printed with water-based ink. Both packaging and can liners can be recycled.

Typical Film Properties/Performance Values (Standard ASTM Test Methods)

Bag Rating	Bag Gauge (mil)	Impact Strength (grams)	MD Tear (grams)	TD Tear (grams)
Heavy Duty	0.90	95	250	>500
Heavy Duty	0.95	110-130	300	>500
Extra Heavy Duty	1.25	130-150	330	>600
